Dear parent/carer,

Crookwell Public School is committed to providing a technology-rich environment for our students. Our school community considers the use of Information and Communication Technology (ICT) as fundamental in assisting teaching and learning in all areas of the school curriculum.

The school uses third-party software providers offering web-based online educational resources and cloud-based storage to support our administrative functions and enhance student learning outcomes.

In most instances, students are required to register before accessing the software. Registration involves either a staff member or student entering identifying information such as name, school year, and the student's school email address into the software.

Below is a consent form seeking your approval to register your child to use certain software. If you require further clarification, you can contact the school office.

Yours sincerely

Michael Whittington

Principal

NSW Department of Education

Consent to use third-party software

The Department of Education has entered into contracts for a range of essential student education and administration software. The department has assessed the privacy impacts and data security controls as compliant with NSW privacy requirements and a list of that software is available at <https://education.nsw.gov.au/public-schools/going-to-a-public-school/privacy-information> .

Additionally, this year Crookwell Public School will use the third-party software listed in the table below. Please indicate your consent for each application.
